

Great Combination Anniversary and Stock-taking Sale at Jackson Bros.' 6 Cash Furniture Houses.

Five Years in Business Tomorrow! A Sale Without Parallel

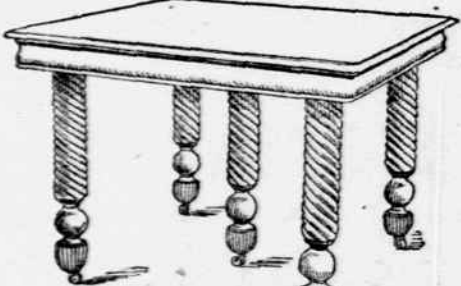

Tomorrow morning we start a sale that will eclipse everything that even we have attempted before. It is two grand events merged into one. Singly, either of them would be productive of many sensational bargains; together, they will form a sale of such magnitude that no parallel will be found in the history of the town. We have added another year to our business career, a year full of great achievements and marked by a further expansion in our business through the addition of another large store. Our history has been one of continued success and so rapid has been our advance that the furniture trade journals throughout the country have repeatedly commented on it, declaring that no parallel case can be found in all America. Our rock-bottom cash prices, straightforward methods and willingness to guarantee everything we sell have been responsible for the phenomenal growth of our business. The vast reductions we have made in all prices for this sale will signalize our appreciation for the generous patronage accorded us during the past year, and the extra cuts we have given prices on account of the nearness of our annual stock-taking will effect a very rapid and general clearance.

This partial list of bargains will give you an idea of the good things you may expect.

NOTE—As this sale is bound to make us extremely busy, we must ask you to be patient with us if we cannot get your purchases delivered with our usual promptness.

Execution of Corporal Fouts.
The War Department has been advised of the execution of Phineas Fouts, late corporal of Company K, 10th Infantry, at Oahu, Philippine Islands, on the morning of January 3, 1902. Private Fouts was convicted of the willful murder of a native girl in the Philippine Islands on November 15, 1900, and was sentenced to be hanged at such time and place as the proper authority would direct. Subsequently he escaped from the custody of the military. He was executed immediately after his recapture.
To indemnify Chicago's Postmaster.
Postmaster General Smith has transmitted to Congress a claim for \$74,610, one of the largest post office claims ever recorded. It represents the losses of the postmaster at Chicago, F. E. Coyne, in a burglary committed by his office in October, 1901. The precedent in such matters is to have the amount of the loss canceled by congressional action.

Two Schooners Collide.
The two-masted schooner Murray Vandiver of Baltimore, Capt. George Pratt, has arrived at Baltimore with her flying jib torn and her head sails badly torn. The boat suffered a collision with an unknown schooner while coming out the Rappahannock river several nights ago. The two vessels met head on. The Murray Vandiver is a regular lumber trader to this port and was here with a cargo about three weeks ago. The vessel sailed from this port for landings on the Rappahannock river.
NURSING MOTHERS
must have strength. Upon the strength of the mother depends the future health of the child. It is of the greatest importance that the mother should obtain every atom of nourishment from her diet. This is insured by Johann Hoff's Malt Extract, taken with meals and before retiring.
Johann Hoff's Malt Extract
not only assists the proper assimilation of food, but is also a food in itself. Good appetite, perfect digestion and sound, restful sleep follow its use.
Dr. Albert Frick of Philadelphia, writes the sustenance of Johann Hoff's Malt Extract, not only on myself, but also on a great number of my patients, with marked success in cases of convalescence, impaired digestion, mothers while nursing and in general debility and has found it to be an excellent remedy for building up the system.
Refuse the cheap so-called Malt Extracts. Acceptance by Johann Hoff's and you will not be disappointed.

URGENT HIGHER SALARIES.
Commissioners Want Increased Pay for Several Officials.
The District Commissioners have forwarded to Chairman McMillan and Back of the Senate and House District committees, respectively, reports on bills further amending the District code. The Commissioners ask that the title of the attorney for the District be changed from city solicitor, as it is fixed at present, to "corporate counsel," and his assistants to "assistant corporate counsel." The Commissioners further ask, among other things, that the judges of the Police Court be given a salary of \$4,000 instead of \$3,000, as now prescribed by the code. They also recommend that the salary of the superintendent of insurance be increased and fixed at \$3,500 instead of \$2,500. Several other amendments are recommended.
The Hancock at Manila.
The War Department is informed that the transport Hancock arrived at Manila on the 11th instant from San Francisco.

IN THE SUPREME COURT.
Some of the Decisions Handed Down Yesterday.
The United States Supreme Court yesterday passed upon the constitutionality of the Massachusetts law forbidding a person in that state negotiating and placing insurance with a foreign company not admitted to do business there. Charles H. Nutting was fined \$400 for insuring certain vessels in Boston with the London Lyons, and in defense pleaded that the state law was in violation of the federal Constitution. The United States Supreme Court sustained the decision.
